Cmaj7 Dm7 Am7
Tangle your life in love
Dm7 G7
Prove to yourself you're alive
Cmaj7 Dm7 Am7
Blessings from up above
Dm7 G7
For some people don't arrive
Ddim Am7
Yet despite all the doubt
Ddim Am7
Sometimes these things work out
Dm7 Em7 Fmaj7 G7 Cmaj7 (Fmaj7 G7 1st time only)
Tangle your life, it's what life is all about.

Giving your heart away
Could be just right for you
Finding a brand new day
Is what we all long to do
So often we hide from it all
And don't hear the real world call
Tangle your life and listen to the sweet rain fall.

Gm C7 Fmaj7 Am7 Dm7
Cos when you talk to her about the way that things could be
Fm7 E7 Amaj7
All the feelings that get locked up inside
Am7 D7 Cmaj7 Em7
Tend to be so stifled, they've got nowhere to go
Gm C7 Fmaj7 G7
And you want to tear your heart open wide

Your heart is taking flight
She's on a different plane
Is it a trick of the light
Or the way she speaks your name
History says you'd be wrong
But your heart is saying go on
Tangle your life in love and worry 'bout it later on.

Cos when the chips are down you'd be a fool to walk
From a table where the wheel spins just for you
Sometimes it seems there's nothing left but wind and rain
And it's hard to tell the stories from what's true
